**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am an broadband consumer and I support broadband competition. The quality of service and the price that I currently get at my home would not be possible without competition. Broadband is crucial for our home and the transition from a DSL service to fiber optic broadband has had a huge impact on how we use the internet. We have been very fortunate that our small city, Brentwood, CA was able to accommodate more competition within its city limits or we'd be stuck with only 1 or 2 service providers.
